# The Advantages of Buying Parker-Bridget Clothing.

THE point tailors argue is that the suit made to your order fits not only your person, but conforms with your ideas of style and individuality. The character and tone of Parker-Bridget clothing are what give to it that distinctiveness of which it is possessed. The suit of clothes you select we promise will not only fit you perfectly, but will possess all the earmarks of highclass custom work-all those little knacks and graces which impart

We offer you a greater advantage than does any tailor or any other clothier, in the magnitude of our stock and its broad diversity of patterns and styles. Further-we give you the best for the least.

### \$15, \$18, and \$20 Suits and Top-coats

Or in clothing at any price you elect to pay. Best clothing, best service, and least to pay is the trinity that controls the Parker-Bridget business. That's the modern method that must appeal to wise and discriminating men.
